JOSEPH F. PERSON

(1920-1990)

Joseph ("Joe") F. Person, a pioneer rare coin dealer in the St. Petersburg, Florida area, had moved to the Suncoast area in 1940 and opened a loan office. The Second World War saw Joe in the Army Air Corps and on his return, he became a certified gemologist. Thus began a career in the rare coin business that spanned over 40 years.

Joe's shop was a mecca for coin enthusiasts while they were vacationing from northern climes. He was always there with information and fine stock.

An early member of the Florida United Numismatists, Joe was also a member of the American Numismatic Association, Professional Numismatists Guild, Rare Coin Dealers of America, and the Gemological Institute of America.

His specialties were gold and rare coins, but he was best known in coin circles as "The V Nickel King" for helping develop a market for the Liberty V Nickel.

You will find in this catalog a wide ranging selection of research material relating to the broad spectrum of numismatics. His books, catalogs and papers were such that afforded access to information needed by the professional.

The catalog begins with long runs of some of the most important auction houses in the United States and follows with catalogs from the European continent. Over 140 books and pamphlets from United States authors, with many items that are scarce, offer the collector an opportunity to enhance his library.

In the section reserved for the authors of the continent, you will find the complete collection of "World of Numismatics" volumes on Ancient Greek, Roman and Byzantine coins in very nice condition. Also, some fine material relating to English coinage.

Please be sure to look at Section "J". Many great selections are to be found there, particularly for the copper specialist.

Joe Person's son, Jeff, has been a great help in recounting the wonderful experiences his father and his fine mother, Hannah, had in serving the numismatic needs of the Florida market. Jeff is currently engaged in the antique business and has a collection of shops known as "Person's Antique Village" in St. Petersburg.

Have fun perusing the more than 1200 lots in this sale and "Good Luck" in your bidding!

A MOST UNIQUE OFFERING

- J45. MINGAUD, Monsieur-as translated and published by-THURSTON, John(London)-1830-"The Noble Game of BILLIARDS Wherein are exhibited Extraordinary & Surprising Strokes which have excited the admiration of most of the Sovereigns of Europe-By Monsieur Mingaud, formerly Capitaine d'Infanterie in the Service of France"-3 pages of text and 41 plates depicting the many varieties of strokes used in the game of pocket billiards. The balls are colored red, blue and yellow in many of the plates. The book measures 8" by 11" and has heavy-board covers with leather spine and corners. Unfortunately, the front cover has become detached and about one-third of the spine is missing. This book is a fine candidate for a nice binding.
Thurston was a manufacturer of billiard tables with a shop in London and a full-page advertisement is on the last page.
Contrary to our usual practice, there is a \$1,000.00 reserve on this lot. Very rare. VF 1400.00
